COMMERCIAL EXTERIORS

Kitchen concepts for the best space utilizations in multiple color themes and material blends, modular, portable throwing the concept of accruing quality Indian and western wide range of arrangements out of which some are simple and elegant and some have imperial looking sophisticated feel.

Residential applications have a place beyond outside of the home, for adorning a house the possibilities are only limited to your creativity. Think out of the box! Exceed the standards and go beyond the commons glimpse the truly Indian and modest European exterior concepts for every sort of residential buildings, from the bungalow's , skyscrapers, farm houses... Arch Studio's provides highest quality photographic views of residential exteriors. Find your own intelligent approach of engineering, fabricating, and restoring the impression alive. Quality forms the basis of the existence and the innovative concepts derived out of the collection make sure that your experience with our concepts will develop not just a building but an ambiance cutting edge of designing sensibility.

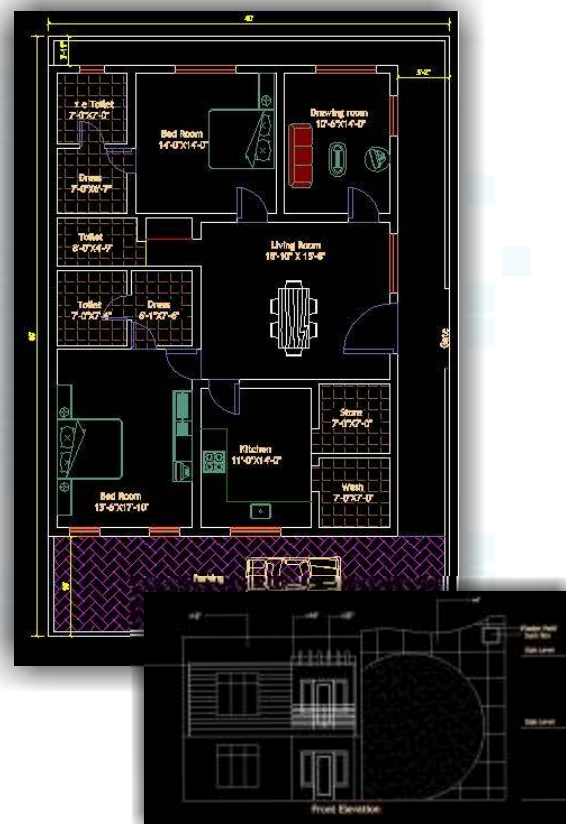

The convention Commercial Exterior can make a statement of quality for your projects and proposals. Since commercial artifacts indulge in the designing of buildings and other structures involved in commercial activities, they need to go beyond just the aesthetics of such construction, with more attention given to the client's needs. Arch Studio's Commercial Exterior collection so speak to blend the imagination you endeavor to portray the priceless monuments, include offices, hospitals, factories and mills, shopping complexes such as departmental stores and malls, multiplexes, schools and colleges, hotels, resorts etc. To sum up, any kind of structure that is put to commercial use.

PLANS, ELEVATIONS & 3D PERSPECTIVE VIEWS

Arch Studio's Plans and Elevations collection created by professionals reduce the work load for architects, designers and CAD draftspersons by compiling floor plans and graphic details in 2D's. It contains hundreds of complete permit ready house plans fulfilling all the construction standards followed. All drawings are formatted for AutoCad. You can modify the plans as required for your custom application by editing these plans over and over, the possibilities are endless. Collection is designed on all the commonly used plot sizes, but may need editing to meet local building and zoning codes in your area. Thus promoting the developers to continually modify and inflate an ever-growing library of 2D's.
